All course fees will be held in a separate bank account that can only be drawn down when
the student commences. The course fees are held separately from the day-to-day
operating expense accounts, so that if a refund is payable before the student commences,
the refund can be made in full and in a timely way without impact on the financial
operations of the business or recourse to the tuition protection system.

Mercury Institute of Victoria does not require international students to pay more than 50% of course fees prior to course commencement. However, Mercury Institute of Victoria provides students with the opportunity to pay more than 50% of their tuition fees prior to course commencement if they wish.
